

# GEOMETRY -- SUMMER WORK

Dear Rising Level 2 Math Student,

All summer homework assignments will be completed online using MyMathLab. Your work is saved automatically, so there is no need to submit anything to me. I will be able to see how much time you've spent working on each section, which questions you've gotten right/wrong, and your overall score. That said, you should develop some sort of homework organization system specifically for these assignments and all work should be done neatly, kept, and labeled in that system, just as you would if you were working from a textbook – this will be very helpful when completing the quizzes and will be a process you will want to continue through the semester. \*\*\*IMPORTANT - You can redo any question you get wrong by clicking on the "similar exercise" button at the bottom. This makes it possible to get a 100% on each homework assignment. We expect you to have 100% on most, if not all, of your assignments as this will really help you prepare for the first test.

To access MyMathLab follow the steps below:

1. Go to [www.mymathlab.com](http://www.mymathlab.com) on or before **May 30<sup>th</sup>**
2. Log in to MyMathLab using the same login information that you have used all semester in level 1.
3. In the top right corner, click to ‘add a course’
4. Next, enter the **Course ID** for your course (**roach48870**).

## HOMEWORK:

## Logon to MyMathLab

## Select; Do Your Homework

**Summer Work Geometry will be your summer assignment.**

**All work must be completed by 8/17/2021 at 8:00 am.**

If you have any questions you can contact us via email at [jroach8@dtcc.edu](mailto:jroach8@dtcc.edu) or [jcforeman39006@gmail.com](mailto:jcforeman39006@gmail.com).
